WHO WE ARE

Port Douglas English Language Centre is a family business established in 1997 by David and Sveta Hurford, both British Masters degree qualified (TESOL and Applied Linguistics). We specialise in individually designed language programs in mini teaching groups. From our many years of English teaching experience in several different countries, we believe that studying in very small groups of 4 to 6 students is the best way for adult learners to improve their language skills. We use a wide range of stimulating and innovative language teaching resources and methods.
